Re: Consent to pay final invoice amount for new Sheep pens

For the 2023 Capital Budget I had requested money to purchase sheep pens. The original request was for \$75,000. This was trimmed, during the budget cycle, to \$15,000.

Consequently the Livestock Sale Committee submitted grants to cover the purchase of two barns worth of sheep pens. The grant was for \$63,600. Two sets of pens were purchased realizing we had approval for \$15,000.

This budget number is #126-30 or expense code 126.168.00.9116.594756003/4. This budget code has approximately \$33,000 still left in it that has not been spent for capital projects.

I am requesting an additional \$8,301.86 to be paid above the \$15,000 approved, to the Livestock Association for the final payment towards the purchase of the new sheep pens. The final invoice is \$23,301.86.

Thank you for your consideration

Sincerely,  
Jim McKiernan, Director
